Manufacturer	Cisco
Manufacturer#	L-AC-PLS-3Y-S1

Description

The Cisco AnyConnect Secure Mobility Client consistently raises the bar in remote access technology by making the experience easy for end users but with the security required by IT. The Cisco AnyConnect Secure Mobility Client provides a secure connectivity experience across a broad set of PC and mobile devices. As mobile workers roam to different locations, an always-on intelligent VPN enables the Cisco AnyConnect Secure Mobility Client to automatically resume connectivity and adapt its tunneling protocol to the most efficient method, such as Datagram Transport Layer Security (DTLS) protocol for latency-sensitive VOIP traffic or TCP-based application access. Cisco AnyConnect 4.0 goes well beyond traditional secure access offering a wide range of endpoint security services and streamlined IT operations all from a single unified agent. Cisco AnyConnect includes enhanced VPN services by offering customers the ability to achieve tighter security controls while enabling direct, secure, per-application access to corporate resources via mobile per application VPN services. This minimizes the potential of other non-approved applications from compromising enterprise network and data.

Specification

Product Description	Cisco AnyConnect Plus - subscription licence (3 years) + 3 Years Software Application Support plus Upgrades (SASU) - 1 user
Product Type	Subscription licence - 3 years
Category	Online & appliance based services - appliance software

Licence Qty	1 user
Licence Pricing	Volume / 25-99 licences
Bundled Support	3 Years Software Application Support plus Upgrades (SASU)
Licensing Details	ESD
Service & Support	New releases update
